

Volunteer Background Check

The Manitowoc Public School District requires those that volunteer to help in an MPSD School to complete a brief online application each school year. Please follow the instructions below to complete this 5-minute application:

1. Visit <https://services.education.wisc.edu/wecan/>
2. Select “Volunteers”
3. Click on “Create a volunteer account”
4. Fill in the online application following the instructions

Once this is complete you can log in any time to see the status of your application to see if it is approved or denied. This process will allow you to volunteer anywhere in the school district.

If you have questions throughout this process, please contact MPSD Human Resources Secretary Kay Beilke at (920) 686-4789.

We hope this application will not deter anyone from volunteering. Volunteers are essential to the success of our schools and connect our student’s education directly with our community. We can’t thank our volunteers enough for their time, support, and kindness. We appreciate your help and patience as we work to balance an open door to our community with the security of our students.
